ITUS has worked for the top UK Law and Accountancy firms for over 10 years. We are a true worldwide organisation with agents in over 130 countries. Contact us today for an informal discussion.

This service is used for gathering information and evidence for use in a range of areas where detailed, comprehensive reporting is of paramount importance. Our team of skilled agents are regularly engaged by law firms, IP's, government bodies and private individuals to obtain the evidence that is needed to support court proceedings or provide a strong negotiating position.

Dispute Resolution requires key intelligence and a thorough understanding of information on the other side. Our experienced team uses a combination of techniques to ensure we obtain the information you need. Our team of investigators are meticulous in any analysis of the enquiry we undertake and our skills have been honed over many years to elicit any crucial information often from sources that are reluctant to divulge.

- Bank Account Tracing
- Email collaboration checks
- Personal and Corporate History
- Criminal and Civil Court check

Once we've gathered all the available evidence, we will present it in a clear, concise and comprehensive report that's admissible for use at all forms of Courts worldwide.
